Non-Federal Cost Share Match Program Grant Implementation Checklist

1.0 Introduction

This Grant Implementation Checklist for the Non-Federal Cost Share Match Program has been modified and adopted from the Disaster Recovery Grantee Administrative Manual. This checklist is to be used specifically for this program as an overall guide for the implementation of the Non-Federal Cost Share Match Program. The checklist is general in nature, which means that some items may or may not be applicable based on the status of construction and the type of project. In addition to this checklist, some sections of the grantee manual contain specific samples for grantee use. The grantee should use this checklist to ensure CDBG compliance and that certain actions have been taken at various stages within the grant implementation process by marking “Yes” or “N/A” within the appropriate column. The checklist provides references to the appropriate sections of the Disaster Recovery Grantee Administrative Manual located on our website at <http://www.doa.la.gov/Pages/ocd-dru/DRAdminManual.aspx> for clarification on completing each step on the Checklist.

For clarification on any aspect of the grant implementation process, contact the OCD-DRU for guidance at DRU.Match.Program@la.gov.
