1. Summary of Changes

Action Plan Amendment No. 13 (APA 13) adjusts existing program budgets and beneficiaries and creates a new program in order to address the outstanding unmet recovery needs from the Great Floods of 2016. To meet the remaining needs, the State of Louisiana is proposing the following changes:

- Establish a new affordable rental program, the *Louisiana Military Department-Affordable Rental Housing Program* (LMD-ARHP);
- Reduce the budget for the RLHP Interim Housing Assistance Program and create a budget for the Louisiana Military Department-Affordable Rental Housing Program (LMD-ARHP).

A new affordable housing recovery program is critical to the ongoing recovery of impacted communities and will help to stabilize the housing stock of the impacted areas. As a result of the proposed changes, impacted renters will receive assistance that better meets their needs based on the status of their recovery efforts, the state will better serve those economic sectors with remaining unmet needs, and the state will be better equipped to recover in a more coordinated, data-driven and resilient manner.

This APA is considered substantial as it involves the movement of \$10,000,000, creates a new program, and changes program beneficiaries.

2. Proposed Use of Funds

Interim Housing Assistance Program

Eligible Activity	Interim mortgage assistance, Rental assistance to displaced homeowners, HCDA Sections 105(a)(8), FR-5989-N-01, 81 FR 83254
National Objective	Benefit to low-to-moderate income persons and urgent need
Previous Program Budget	\$40,000,000
Budget Change	-\$10,000,000
Revised Program Budget	\$30,000,000

Budget change summary: As created in the Action Plan 11, the RLHP Interim Housing Assistance Program is decreased by \$10M because of undersubscription. The revised budget is projected to cover all current and future needs. The survey and application periods for applicants in all tiers have been completed and the total homeowner applicant population has been identified. Moreover, the closing deadline was January 17, 2020, so the entire population of participating homeowners is identified.

Louisiana Military Department-Affordable Rental Housing Program (LMD-ARHP)

Program Summary: This program will create new affordable multi-family rental housing for Louisiana’s National Guard and Military Department located at or near Camp Beauregard in Pineville, Louisiana. This program will address the long-term housing recovery needs of Low-to-Moderate Income Louisiana military personnel and their families in flood impacted Rapides Parish. With affordable housing always in demand in the flood impacted communities, this program is similar in its goals to the Flood Piggyback Program and Flood Resilient Mixed-Income Piggyback Program in that it seeks to rehabilitate or construct quality affordable housing stock so desperately needed by LMI individuals and families in all flood impacted communities. These newly constructed ‘on-base’ LMI rental units will also free up ‘off-base’ affordable rental units formerly occupied by military members, thus further expanding the affordable rental housing stock.

Eligible Activity	HCDA Sections 105(a)(4), Clearance, demolition, removal, reconstruction, and rehabilitation of buildings and improvements
National Objective	Benefit to low-to-moderate income persons and urgent need
Program Budget	\$10,000,000

Administering Entity: The State of Louisiana

Proposed Use of Funds: This state run program will provide a direct grant to the Louisiana Military

Department to be used as capital funding to construct an affordable multi-family rental housing development to replace damaged sub-standard housing stock and expand affordable housing opportunities for members of Louisiana's National Guard and Military Department. The existing housing will be demolished and replaced by at least 40 newly constructed homes that will be rented at affordable rates to military personnel and their families. The grant will have a 10-year regulatory agreement pursuant to which at least 51% of the units constructed will be rented to military families earning at or below 80% of Area Median Income and limited to rents associated with incomes at or below 80% AMI.

Eligible Applicants: Direct grant to Louisiana Military Department

Criteria for Selection: Non-competitive grant awarded to Louisiana Military Department

Method of Distribution: This will be a single direct grant to the Louisiana Military Department based on recovery needs of the State of Louisiana

Geographic Eligibility: Disaster-declared Rapides parish impacted by the 2016 Severe Storms and Flooding

Maximum Award: The maximum award to the Military Department under this grant will be \$10,000,000

3. Public Comments
